

AHCMOM213 Operate and maintain chainsaws

Basic Chainsaw Course

This course is designed to cover the skills and knowledge required to safely operate a handheld chainsaw and maintain it in safe working condition. Additional skills covered are applying chainsaw techniques and cutting methods to manufacturers' specifications, learning to minimise environmental impacts, complete risk assessments and following low risk work procedures.

ENTRY REQUIREMENTS

There are no entry requirements for AHCMOM213 Operate and maintain chainsaws. For the safety of students, there is a need for strength and capability to hold chainsaws on terrain with poor footing. All applicants will undertake a short assessment to determine whether this is the best course for their needs, including language, literacy and numeracy skills. Where learning needs are identified, LITA Training may offer you additional support or refer you to a more suitable course.

COURSE HIGHLIGHTS

- Gain operating principles and methods
- Enhanced career prospects
- Improve communication skills to effectively collaborate with other workers
- Identify hazards and implement safe operating procedures

The student's tuition fees are as published and are subject to change given individual circumstances. This nationally recognised Unit is delivered by LITA Training RTO Number: 0577 which is responsible for the quality of all services and the issuing of AQF certification documentation (for all certificates) and the issuing of a Statement of Attainment (for all skill sets/stand-alone UoC). This Unit provides the skills and knowledge to the industry standard. We actively tailor training for people from diverse backgrounds, including those with disabilities, and encourage all to apply.
